As our organization relies **completely** on your generous donations, our policy is to ask that all people packing food for us replace the food they are able to package. Kids Against Hunger International has determined an average packer will be able to use \$25.00 of bulk food, per person per 2 hour packing. We will use your contribution to buy more food, packing and cleaning supplies and to pay for transportation of the packed meals.

When submitting the request to pack, please determine how many people you will have packing and use the figure above to determine what your contribution will be. We suggest if funds are needed consider holding fund raising events or asking for pledges from friends, family, parents, teacher, etc.
